**LODGING DATA**

Box Elder County hotel occupancy rates averaged 63.3% in 2021 compared with 45.4% in 2020. June, July, and August (in that order) had the highest average occupancy rates. Box Elder County’s average daily room rate was $93.16 in 2021 compared with $77.30 in 2020, a 20.5% year-over increase. Box Elder County short term rental occupancy rates averaged 40.4% in 2021 compared with 30.8% in 2020. December, July, and August (in that order) had the highest average occupancy rates. In 2021, there were an average 27 short term rental listings in Box Elder County, a 34.0% year-over increase and a 39.2% increase since 2019.

**Endnotes**

1. This spending figure does not include public transportation spending (i.e. transportation fares and travel reservation costs). Please see Addendum A.
2. When Utah visitors purchase from Utah businesses, the businesses hire employees and purchase from other local businesses, who in turn hire employees and purchase from other local businesses. These rounds of activity produce indirect employment effects. Then, direct and indirect employees spend a portion of their wages in the local economy, spurring additional "induced" effects.
3. State tax revenue includes sales, personal income, fuel, corporate income and other taxes; local tax revenues include sales, property, and other taxes.
4. See note #2 regarding "indirect and induced."
5. Local sales tax revenue includes local transit, arts and zoo (RAP/ZAP), city or town option, correctional facility, county option, fixed guideway, highway, mass transit, motor vehicle, restaurant, resort community, rural hospital, sales, short term leasing, and county/municipal transient room tax revenue.
6. Adjusted for inflation. Total spending includes direct spending in addition to indirect and induced spending effects (see note #2).
7. Short term rental listings data are from Transparent, Inc., and include average active listings in January and July of each calendar year; listing subtypes “bed and breakfast,” “dorm,” and “other,” have been omitted.

Cache County, 2021

Average Hotel Daily Room Rate

Average Annual Short Term Rental Listings, 2019-2021

Endnotes

1. This spending figure does not include public transportation spending (i.e. transportation fares and travel reservation costs). Please see Addendum A.
2. When Utah visitors purchase from Utah businesses, the businesses hire employees and purchase from other local businesses, who in turn hire employees and purchase from other local businesses. These rounds of activity produce indirect employment effects. Then, direct and indirect employees spend a portion of their wages in the local economy, spurring additional "induced" effects.
3. State tax revenue includes sales, personal income, fuel, corporate income and other taxes; local tax revenues include sales, property, and other taxes.
4. See note #2 regarding "indirect and induced."
5. Local sales tax revenue includes local transit, arts and zoo (RAP/ZAP), city or town option, correctional facility, county option, fixed guideway, highway, mass transit, motor vehicle, restaurant, resort community, rural hospital, sales, short term leasing, and county/municipal transient room tax revenue.
6. Adjusted for inflation. Total spending includes direct spending in addition to indirect and induced spending effects (see note #2).
7. Short term rental listings data are from Transparent, Inc., and include average active listings in January and July of each calendar year; listing subtypes “bed and breakfast,” “dorm,” and “other,” have been omitted.

Utah County, 2021

**SPENDING**

In 2021, visitors directly spent an estimated $781.8 million in Utah County, a 45.6% increase from 2020. The top three spending categories were auto transportation, foodservice, and retail. Utah County visitor spending made up 8.8% of total statewide visitor spending.
